Ice HouseTM 6000 Twin

IH6000T

IMPORTANT SAFETY INFORMATION

WARNING: Keep all Heat & Flame Sources away from the Shelter's Fabric Cover. The Fabric Cover is Fire Retardant, **it is not Fire Proof.** The use of any heat source can be extremely dangerous, both for Fire Hazard and Carbon Monoxide Emissions. The Shappell Corporation does not endorse the use of any Heater. It is the user's responsibility to follow the Instructions and Warnings provided by the Heater Manufacturer for the safe use of a particular Heater.

CARBON MONOXIDE POISONING HAZARD: This shelter must be ventilated if using an oxygen consuming heat source. **DO NOT PACK SNOW AROUND SHELTER** or in any way prevent fresh air from entering shelter. **Failure to Ventilate Shelter could create a Serious Health Hazard or Death.**

Window can not be made to withstand temperatures below -15° F. (see warranty)

MAINTENANCE: After each use, set up shelter until fabric is completely dry. **Never leave shelter folded closed with a wet cover.**

NOTICE: It is normal for fabric to have some pinholes. This does not affect water repellency.

READ SETUP & TAKEDOWN INSTRUCTIONS BEFORE USING SHELTER
